

Indo-German Cooperation Project  
**CII – PI, BERLIN MASTERCLASS**

# Strengthening **QUALITY INFRASTRUCTURE** for the **SOLAR INDUSTRY**

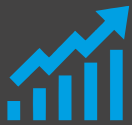

**11 - 22 July 2022**

3-Day Course &  
Train-The-Trainers Course

BY  
INVITATION  
*only*

CII Institute of Quality jointly with PI Berlin is organising a Training on Quality Assurance in PV Modules Manufacturing under Indo-German Cooperation Project: Strengthening Quality Infrastructure for the Solar Industry commencing from 11-22 July 2022.

The Masterclass training is intended at offering in depth understanding to the manufacturers with context to

**Global PV  
Technology Trends**

**Type and routine tests,  
development of standard test  
protocols, field failures and their  
relationship with factory**

**Quality assurance in  
the different stages of  
production process**

**Latest developments  
in international standards  
on products and test methods**

*The training that will be conducted by German experts from PI Berlin through Web sessions, is distributed into 3-hour sessions spread over 6 days to be conducted over 2 weeks, covering the above topics as per the programme attached*

## **Romain Pénidon**

Romain studied Material Science for Renewables Energies in France and joined PI Berlin in 2007 to complete his master's degree. Romain is now project manager in quality assurance projects, and support the sales team, the lab team and customers as senior consultant for module quality testing and certification

## **Alexander Drobisch**

After studying Electrical Engineering at TU Berlin Alexander started working at PI Berlin in 2007. He is the Quality manager of the PI Berlin laboratory. Furthermore, besides other responsibilities, he is involved in quality assurance projects as a project manager.

The training should be attended by professionals engaged in design and development, manufacturing, and factory quality assurance of PV Modules

Please note:

- There is no participation fee to attend this training programme
- A batch of maximum 15 participants will be honoured
- Registration will be done on first come first serve basis
