

CII Certified Lean Six Sigma Master Black Belt Program

Module 1 | 26 - 28 April 2023 | 10 am to 5pm
Module 2 | 9 - 12 May 2023 | 10 am to 5pm
Module 3: | 24 - 26 May 2023 | 10 am to 5pm

Take your Six Sigma expertise to the next level with our Certified Lean Six Sigma Master Black Belt program. Designed for experienced Six Sigma professionals, this program will equip you with the advanced knowledge and skills necessary to lead and mentor other Six Sigma professionals.

Our comprehensive curriculum covers a range of topics, including statistical tools and analysis, Lean principles and practices, project management, change management, coaching and mentoring, business acumen and strategy, and ethics and professionalism.

Throughout the program, you will have the opportunity to apply your knowledge through hands-on exercises and case studies.

Learning Outcomes

By completing this program, you will be able to

- Lead and mentor other Six Sigma professionals
- Apply statistical tools and analysis techniques to solve complex business problems
- Implement Lean principles and practices to reduce waste and improve efficiency
- Manage Six Sigma projects from planning to execution
- Effectively manage change within an organization
- Coach and mentor team members to improve their Six Sigma skills
- Align Six Sigma projects with business strategy and measure their impact on the bottom line
- Uphold the principles of ethics and professionalism in all Six Sigma activities.
