INDUSTRIAL VISITS

Learning Mission on New Age Innovations &
Technologies for Viksit Bharat

November 2024

In the spirit of "Viksith Bharat" — a vision of an empowered, prosperous, and technologically advanced India — the Confederation of Indian Industry (CII) is proud to present an exclusive Learning Mission on New Age Innovations & Technologies. This initiative is designed to foster a deep understanding of cutting-edge innovations shaping the industrial and technological landscape in India. Participants will embark on an immersive journey to leading organizations that are at the forefront of innovation, offering valuable insights into the practices, tools, and strategies that are driving a transformation in Indian industry.

Exposure to Cutting-Edge Technologies

Witness firsthand experience of the best manufacturing practises that are revolutionizing industrial practices in India.

Inspiration for Innovation

Embrace new-age technologies and foster a culture of innovation to remain competitive in the evolving global market.

Learning from Industry Leaders

interact with leading innovators, technology experts, and industrial pioneers who are shaping the future of Indian industry,

Fostering Collaboration

Encourage collaborations between participants, industries, startups, and academia to co-create technological solutions and drive collective growth in the Indian industrial ecosystem.

Strategic Advantage

Equip yourselves with knowledge and strategies to implement advanced technologies in Your organizations, enhancing productivity, optimize processes, and improve decision-making.

Support India's Technological Vision

Align with the vision of Viksith Bharat by empowering participants to contribute to India's transformation into a globally competitive and technologically advanced economy.
